## Altmühltal-Panorama Path

BAVARIA AT ITS MOST BEAUTIFUL.

The region around the Altmühltal is still almost an insider tip, where Bavaria shows itself from its most beautiful side. Come on a tour through the magical Middle Franconia with Eurohike and enjoy this natural corner of the world! The daily stages lead along the Altmühltal Panoramaweg, which has been recognized by the German Hiking Association as a "quality hiking trail in Germany". On the 5-day tour you "hike" around a quarter of the 200 km long panoramic hiking trail.

### *Details about the Altmühltal-Panorama Path*

The charming Treuchtlingen serves as the starting point for the trip, which is perfect for leisure hikers. Via the vantage points Teufelskanzel and Hollerstein, you go along the Altmühl to the historic Pappenheim. Have your camera ready on day 3 of the tour! Although the entire stage is lined with great views, the rock formations of the "Twelve Apostles" are a special highlight.

Enjoy the warm atmosphere in the unspoiled Dollnstein, soak up the lush green of the forests and juniper heaths and let yourself be enchanted by the baroque Eichstätt. Those who like hearty cuisine will love the culinary delights of this region. But of course there is something for every taste. Because of the hops and barley cultivation, the beers of the region are also well-known and just crying out to be tasted.

### *The highlights of the 5-day Altmühltal-Panorama hiking tour*

- **Idyllic hikes in the middle of the nature park:** Along the river, past unique rock formations and traditional walls - on the Altmühltal-Panoramaweg unspoiled nature awaits you as a balance to everyday life! Enchanting high-altitude hikes: It doesn't always have to be mountain ranges. In the Altmühltal, too, people "hike high up" - for this they are rewarded with magnificent views.

- **"Twelve Apostles" natural monument:** They look a bit like free-standing towers and scientists describe them as the remnants of the tropical Jurassic Sea. Either way, the "Twelve Apostles" are a real eye-catcher!
- **Castles and palaces along the route:** This is where the nobility once lived! The partly restored and partly dilapidated castles bear witness to this. Prince-bishops had beautiful residences built, which still shine in baroque splendor today. Come with us on a journey into the past.
- **Bavarian beer & hearty 'Brotzeit':** If you travel to Bavaria, you can hardly avoid beer in its many forms - as wheat beer, pilsner or in the non-alcoholic version. Around 25 breweries produce the popular barley juice in the region.

## *Useful information about the Altmühltal-Panorama Path*

The route guidance is relatively easy to master, there are no notably difficult passages. The stage Pappenheim to Dollnstein on day 3 is very long at 25 km, but there are possibilities for shortcuts. The relaxed tours and the great views make this trip a real pleasure!
