Wissembourg – Saverne

MEDIEVAL ALSACE 1: NORTHERN VOSGES

During this walking tour in regional nature park of the Northern Vosges – UNESCO Biosphere Reservate – you will discover a renewed way of enjoying life. The Northern Alsace and the Vosges are dotted by ancient churches and fortresses, remainders of the Maginot Line. You cross deep fir and deciduous forests, veined by sandstone summits and pass through many little villages where the arts and craft of crystal- and stone carving still is alive. In a distance from this harmonious landscape you can make out the lonely spire of Strasburg's Munster.
